Dear Da Vinci Families,

We are excited to connect with the Da Vinci Community and to provide you with information about the upcoming 2020-21 school year. With all the uncertainty and change occurring for schools and across the country, we are grateful that you and your student(s) have chosen Da Vinci and we are eager to reconnect in just a couple of weeks. It has been a busy summer of making adjustments and planning for our modified format due to the restrictions in place for public health and safety. While rather lengthy, the purpose of this communication is to provide you with the answers and resources you need to have a successful and positive launch to the start of school in a distance learning format beginning on Wednesday, August 26th.

New Student Orientations

DVHS Dino Pack Connections

Dino Pack is a Da Vinci High School student leadership and mentorship organization that functions under the guidance of our Counseling Department. Typically, the Dino Pack would hold an in-person orientation but that is not possible right now. In place of this event, on August 24th and 25th, members of the Dino Pack will be personally calling each new student to Da Vinci High School to make a connection and share contact information. Additionally, students will remain connected to these Dino Pack Leaders through weekly connections during the new Wednesday morning SEL blocks of time.

The Secondary Quarter Block Schedule

A significant amount of time was spent this summer developing a consistent secondary daily schedule that promotes the values of equity, access, innovation, continuity, compatibility, and efficacy. The result is the Secondary Quarter Schedule which can be found on our Da Vinci website at

Included in the Secondary Quarter Block Schedule is a new Advisory/Social Emotional Learning (SEL)/Community Building block of time on Wednesdays from 10:35 - 11:05 am. This was included as a way to encourage connection and engagement that is so important to the school experience. This block of time is going to be dedicated to a variety of activities that focus on building community, addressing students' social emotional needs, learning essential skills for Da Vinci as well as connecting with students. At DVHS, students will be grouped with their Dino Pack Leaders, 20 mixed-grade level peers, and will be assigned to a specific Da Vinci teacher. At DVJH, students will be grouped within grade level cohorts and assigned to a DVJH teacher. Attendance will be taken during this time block, so attendance is required, but assignments and grades will not be given.

We encourage you and your student to preview this schedule but recognize that you may have questions. The DVCA Administration and the DVCA Boosters are co-hosting a parent information event on Monday, August 24th at 7:00 pm via Zoom where additional information will be provided (see section below titled Welcome Parent Information Night).

Grading During Distance Learning

Last spring the district utilized a Pass/No Pass grading system during the phase of Emergency Distance Learning. In contrast, this year the district and Da Vinci will return to traditional letter grading for all courses and teachers will resume standard grading practices as outlined in DJUSD Board Policy. Additionally, staff will follow the existing homework policy, progress reports will be issued, and report cards will be sent home.

Learning Management System (LMS) - Transition from Echo to Canvas

With the recent DJUSD adoption of the Canvas LMS, Da Vinci Charter Academy was able to reflect on our own path forward as a leader in using an LMS to promote high-quality, innovative instruction. While Echo has served us well for many years, we ultimately have found many benefits within Canvas and with being unified with the district during this significant transition. As such, DVCA will no longer be using Echo and will be starting in Canvas on day one of the school year. Canvas will be available for students and parents to log in beginning on Friday, August 21st. In addition to the paper schedule received at the pick-up events, students will be able to view their schedules in Canvas. A Re-Start DJUSD Re-Opening Guide will be shared from the DJUSD District Office in the coming days which will provide additional information on accessing and using Canvas. Tutorials are also in development and will be available on the [Instructional Technology Digital Tools Webpage](#). In preparation for the August 21st launch of Canvas, we have provided the specific student/parent login information below:

- Go to <https://djusd.net/departments/technology/digitaltools/discovery>
- Click on “DJUSD Log In”
- Log in using your new email information
 - first initial last initial student id number@djusdstudents.org
 - Ex: ab12345@djusdstudents.org
 - Default password is your birthdate in this format yyymmdd
 - Please remember to change to a more secure password
- Click on the “Dashboard” and you will see a course tile for each of the classes you are enrolled in

Email Domain Switch

Along with our transition to Canvas, DVCA is transitioning away from the old @djusdk12ca.org domain to the @djusdstudents.org domain. DVCA students have always had the @djusdstudents.org account but it is likely they relied solely on the @djusdk12ca.org account. However, going forward access to Canvas, Google suite, and school email communications will only be functional through the @djusdstudents.org account. This change will provide more streamlined access for students that co-enroll at other sites and will provide improved security and monitoring. This change does require that DVCA students begin accessing the @djusdstudents.org account prior to the start of

school and take care to transfer any essential content from the old account to the new one. We have outlined the processes below for students to complete these tasks:

- To access our @djusdstudents.org account
 - Go to Gmail
 - Enter your username as follows:
 - first initial, last initial student id number@djusdstudents.org
 - Ex: ab12345@djusdstudents.org
 - Default password is your birthdate in this format yyymmdd
 - Please remember to change to a more secure password
 - If you are having issues accessing your account or password, please check out the [DJUSD Student Accounts Webpage](#) or email DVCA IT Support Specialist Vickie Carr at vicarr@djusd.net.
 - Transferring Content from djusdk12ca.org to djusdstudents.org
 - Log in to the gmail account that you want to transfer content from: first name.last name@djusdk12ca.org
 - Click on the “grid” icon in the top right hand corner
 - Click on the “account” icon
 - Go to “transfer your content” section
 - Click on “start transfer” and enter email address of where you want all of your things to go
 - Check your email for the verification code and then enter it in the designated spot
 - Follow prompts from there
